Babylon software?

Things to replace on old computers if needed.

Motherboard battery

Hard Drive (Only if it could be fixed cheaply.)

CD/DVD drive

Wi-Fi card/antenna

Not worth repairing:

Motherboard

Power supply

Linux instead of Windows

Computer with Quickbooks would still run Windows.

Ubuntu or Linux Mint would be best.

No one showed up to computer class at Dunedin.

Computer class at Wabasha coming up. Second class at Dunedin also.

Bullzip. PDF printer.

Computer assessments would be done before new computers are installed.

Find out computer administrators at March PC meeting. Computer assessments will be scheduled after that.

New computers will be installed after that.

Monthly meeting date and time.

After Ross Grant meeting. Starting in April.
